Future donor prospect here! This powerful daughter of GAR Quantum isn't just another pretty face. This cow prospect is sired by one of the hottest bulls in America to carry the GAR prefix and combines calving ease, explosive growth, and carcass merit in a way that very few can offer, highlighted by \$W and \$G figures that rank in the top 1% of the entire Angus breed. The dam of Lot 15 sold in last year's sale to Whiskey Creek Angus, Churchville, VA.

## *Lot 27 Bred Heifer*

### **MA 9EH12 Enhance of MA 4Q8**

(AAA +\*19669893) • Calved 10/5/2019

You will run the wheels off a new truck to find an Enhance female like this one. An absolute powerhouse of a bred heifer that sells safe in calf to the world leader for marbling, GAR Transcendent! This mating is a near perfect match both on phenotype and genotype, as this balanced trait female offers 10 different traits in the top 15% of the breed.
